

Student Discussion Facilitation

Summer 2023 MA Community Challenge

OpenSciEd educators are **facilitators** who encourage students to share their thinking & respond to one another. Help this community identify and share great educator responses to student ideas that promote further discussion and students responding to one another.

Less of:

More of:

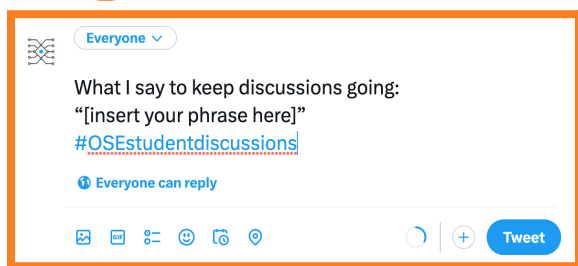

Great educator responses:

- Don't give away whether student ideas are "right" or "wrong"
- Get students responding to one another's ideas
- Encourage students to give more than one-word answers

Join in! TWO ways to participate:

1 Tweet! #OSEstudentdiscussions

2 Enter online!

Winning phrases to be revealed at the OSE MA Community Day - 10/6!

We are looking forward to sending everyone in the community a set of

chart markers
with your great phrases

to remind you that you are NOT ALONE on this OSE implementation journey. This community is here with great ideas to support your work.
